Uses and nutritional advantages

The specificity of Gallinol is the linoleic acid content.

Recommended storage temperature : 55 - 60 °C.

Packaging: bulk: (25 T).

Regulation

- This product is processed from category 3 raw materials according to Regulation (EC) N° 1069/2009 and (EU) N° 142/2011.
- Veterinary agreement n°35.360.004.
- Product not intended for the human consumption.**

Production unit: Vitré (35)
